

## Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers. They filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits.

Tuesday, Dec. 8, 1903.

Board met, all members present. The commissioners reported the following amounts collected on account of road taxes and to treasurer, to-wit: John L. Edwards, \$96; N. A. Fort, \$129; F. S. Lucius, \$303; E. L. Wortmann, \$107. Mr. Wortmann offered the following resolution:

Whereas, Col. L. P. Miller has applied to the board for a permit to erect gates with automatic fixtures across the public roads known as Ocala and Summerfield and Ocala and Lake Weir; therefore be it

Resolved, That the board hereby grants the request of Col. Miller to erect said gates on above mentioned roads at his own expense and under act of legislature, chapter 4,594, approved June 1, 1897. That the board will in no wise be responsible for any damage to crops by permitting said privilege. That the board reserves the right to rescind this resolution whenever it is deemed best interest to the traveling public.

Which resolution, after discussion, was adopted, Commissioner Fort voting against same for the reason that it is an experiment unknown to the people and not asked for by the people. The balance of board asked that their votes be recorded in the affirmative because the same was a matter of experiment, and if satisfactory would be a great saving to farmers and stockmen, and because the board reserved the right to have said gates removed if unsatisfactory.

This the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be warded off by taking this remedy freely as soon as the first indication of cold appears. There is no danger in giving it to children for it contains no harmful substance. It is pleasant to take, both adults and children like it. Buy it and you will get the best. It always cures. For sale by all druggists and medicine dealers.

## CRUSHES OUT THE LIFE

The most loathsome and repulsive of all living things is the serpent, and the vilest and most degrading of all human diseases is Contagious Blood Poison. The serpent sinks its fangs into the flesh and almost instantly the poison passes through the entire body. Contagious Blood Poison, beginning with a little ulcer, soon contaminates every drop of blood and spreads throughout the whole system. Painful swellings appear in the groins, a red rash and copper colored splotches break out on the body, the mouth and throat become ulcerated, and the hair and eye brows fall out; but these symptoms are mild compared to the wretchedness and suffering that come in the latter stages of the disease when it attacks the bones and more vital parts of the body. It is then that Contagious Blood Poison is seen in all its hideousness. The deep eating abscesses and sickening ulcers and tumors show the whole system is corrupted and poisoned, and unless relief comes soon this serpent disease tightens its coils and crushes out the life. The only antidote for the awful virus is S. S. S. It is nature's remedy, composed entirely of vegetable ingredients. S. S. S. destroys every vestige of the poison, purifies the blood and removes all danger of transmitting the awful taint to others. Nothing else will do this. Strong mineral remedies, like mercury and potash, dry up the sores and drive in the disease, but do not cure permanently. Send for our home treatment book and write us if in need of medical advice or special information. This will cost you nothing.
